

INDEPENDENT AUDITOR'S REPORT

To the Members of Neobillion Fintech Private Limited

Report on the Audit of the Standalone Financial Statements

Auditor's Opinion

We have audited the accompanying financial statements of **Neobillion Fintech Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2026 and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and notes to the financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standard prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and its **Profit**, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of financial statements in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report and Annexure to Board's Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statement

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- I. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- II. Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- III. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- IV. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- V. Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in

- (i) planning the scope of our audit work and in evaluating the results of our work; and
- (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.'

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and Statement of Changes in Equity dealt with by this Report agree with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act, read with Rule 1 of the Companies (Accounts) Rules, 2014.

- (e) On the basis of the written representations received from the directors taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial controls with reference to standalone financial statements as required under Section 143(3)(i) of the Companies Act, 2013.
- (g) In our opinion and according to the information and explanations given to us, the Company has not paid or provided for any managerial remuneration to its directors during the year. Accordingly, the reporting requirements under Section 197 read with Section 197(16) of the Companies Act, 2013 are not applicable.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position to the financial statements.
 - ii. The Company did not have any long-term contracts, including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor's Education and Protection Fund by the company.
 - iv. (a) The Management has represented that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented, that, to the best of their knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused them to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) & (b) above, contain any material misstatement.
 - v. The Board of Directors of the Company has not proposed any dividend for the year, which is subject to the approval of the members at the ensuing Annual General Meeting.

- vi. Based on our examination, which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software:
- a) Based on our examination which included test checks, The Company has used accounting software (Oracle) and third-party systems for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the financial year for the accounting software at application level and third-party systems. For accounting software at data base level, the audit trail was enabled and operational during the year,
- b) Further, no instance of audit trail feature being tampered with was noted in respect of the above accounting software(s) where the audit trail has been enabled and the audit trail has been preserved by the Company as per the statutory requirements for record retention, to the extent it was enabled and recorded in those years,

Further, for the periods where audit trail (edit log) facility was enabled and operated throughout the year for the respective accounting software, we did not come across any instance of the audit trail feature being tampered with.

2. The requirements by the Companies (Auditor's Report) Order, 2020 ("the order") issued by the Central Government in terms of Section 143(11) of the Act are applicable on the company. we give in "Annexure B" a statement on the matters specified in paragraphs 3 & 4 of the Order to the extent applicable.

ANNEXURE A

To the Independent Auditor's report for the year ended March 31, 2026

(Referred to in paragraph under 2(f) "Report on Other Legal and Regulatory Requirements" section of our report to the Standalone financial statements of Neobillion Fintech Private Limited for the year ended March 31, 2026)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone Financial Statements of Neobillion Fintech Private Limited ("the Company"), which is a subsidiary of a Billionbrains Garage Venture Limited, as of March 31 2026 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Managements and Board of Directors' Responsibility for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls with reference to standalone Financial Statements issued by the Institute of Chartered Accountants of India ("ICAI").

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring orderly and efficient conduct of its business, safeguarding of its assets, prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's Internal financial controls based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls to standalone Financial Statements (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act 2013.

Our audit includes obtaining an understanding of internal financial controls, assessing risk, and testing and evaluating the design and operating effectiveness of controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls to standalone Financial Statements were established and maintained and whether such controls operated effectively in all material respects.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control with reference to standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with applicable accounting standards. A company's internal financial control with reference to standalone Financial Statements includes those policies and procedures that

(1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with applicable accounting standards and that receipts and expenditures of the Company are being made only in accordance with authorizations of Management and Directors of the Company; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to standalone Financial Statements including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected.

Also, projections of any evaluation of the internal financial controls with reference to standalone Financial Statements to future periods are subject to the risk that such controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the company has, in all material respect, adequate internal financial control with reference to financial statement and such internal financial controls were operating effectively as at 31st March 2026 based on the internal financial control with reference to financial statement criteria established by the company considering the essential components of internal control stated in the Guidance Notes on Audit of Internal financial Controls Over Financial Reporting issued by The Institute of Chartered Accountant of India (the "Guidance Note").

ANNEXURE B
Neobillion Fintech Private Limited

Annexure to Independent Auditors' Report for the year ended March 31, 2026
(Referred to in Paragraph 1 under the Heading of "Report on Other Legal and Regulatory Requirements" of our
Report of even date)

Based on the Audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of accounts and other records examined by us in the normal course of audit, we report that:

I. Property, Plant & Equipment and Intangible Assets

- a) The Company does not have any Property, Plant and Equipment, Intangible Assets or Immovable Properties as at the reporting date. Accordingly, reporting under Clause 3(i)(a), 3(i)(b) and 3(i)(c) of the Companies (Auditor's Report) Order, 2020 is not applicable.

II. Inventories

- a) The Company is a service company and there is no inventory in hand at any point of time, hence paragraph 3 (ii) of the order is not applicable to the Company.
- b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions on the basis of security of current assets, and hence reporting under clause (ii)(b) of the Order is not applicable.

III. Loans given

The Company has not provided any investment, guarantee or security or granted any loans or advances in the nature of loans to companies, firms, Limited Liability Partnerships or other parties. Accordingly, reporting under paragraph 3 clause (iii)(a),(b),(c),(d),(e),(f) does not arise.

IV. Compliance of Sec. 185 & 186

The Company has not entered into any transaction during the year under review in respect of loans, investments, guarantee and security which attracts compliance to provisions of section 185 & 186 of the Companies Act, 2013. Accordingly, reporting under paragraph 3 clause (iv) does not arise.

V. Public Deposit

The Company has not accepted deposits or amounts which are deemed to be deposits, during the year. Accordingly, reporting under paragraph 3 clause (v) does not arise.

VI. Cost Records

The maintenance of cost records has not been specified for the activities of the Company by the Central Government under section 148(1) of the Companies Act, 2013.

VII. Statutory Dues

- (a) The Company has generally been regular in depositing its undisputed statutory dues including income-tax, Goods and Service Tax, sales tax, service tax, value added tax, cess and other statutory dues with the appropriate authorities. According to the information and explanations given to us and based on our examination of the records of the Company, there were no undisputed statutory dues outstanding as at 31st March 2026 for a period of more than six months from the date they became payable, as required to be reported under Clause 3(vii)(a) of the Companies (Auditor's Report) Order, 2020 issued under Section 143(11) of the Companies Act, 2013.
- (b) According to the information and explanations given to us and based on our examination of the records of the Company, there are no statutory dues referred to in sub-clause (a) which have not been deposited on account of any dispute, as required to be reported under Clause 3(vii)(b) of the Companies (Auditor's Report) Order, 2020,

VIII. Previously Unrecorded Income

According to the information and explanations given to us and based on our examination of the records of the Company, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961 that have not been recorded in the books of account.

IX. Application & Repayment of Loans & Borrowings:

The Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year, as required to be reported under Clause 3(ix)(a) of the Companies (Auditor's Report) Order, 2020 issued under Section 143(11) of the Companies Act, 2013.

X. Application of funds raised through Public Offer:

- a) During the year, the company has not raised any funds through Initial Public Offer or Further Public Offer (including debt instruments). Accordingly, reporting under paragraph 3 clause (x)(a) does not arise.
- b) The company has not made any preferential allotment or private placement of shares or fully or partly paid convertible debentures during the year. Accordingly, reporting under paragraph 3 clause (x)(b) does not arise.

XI. Fraud

We have neither come across any instances of fraud by the company or any fraud on the company noticed or reported during the year, nor have been informed of any such instances by the management. Accordingly, reporting under paragraph 3 clause (xi) (b) & (c) does not arise.

- XII. The company is not a Nidhi Company. Accordingly, reporting under paragraph 3 clause (xii) does not arise.

- XIII. All the transactions entered into by the Company with the related parties are in compliance with Section 188 of the Companies Act, 2013 and the details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards. However, requirements of section 177 of the Companies Act, 2013 are not applicable to the company.

XIV. Internal Audit

The company is not required to appoint an Internal Auditor or a Firm of Internal Auditors in line with the requirements of Section 138 of Companies Act, 2013 read with Rule 13 of Companies (Accounts) Rules, 2014. Accordingly, reporting under paragraph 3 clause (xiv) (a) & (b) does not arise.

XV. The company has not entered into any non-cash transactions with directors or persons connected with them, during the year. Accordingly, provisions of section 192 of the Act are not applicable.

XVI. Registration u/s 45-IA of RBI Act

The company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, reporting under paragraph 3 clause (xvi)(a), (b)&(c) does not arise.

The Group does not have any CIC as part of the group. Accordingly, reporting under paragraph 3 clause (xvi)(d) does not arise.

XVII. Cash Loss

In accordance with Clause 3(xvii) of the Companies (Auditor's Report) Order, 2020, The details of cash losses incurred by the company is:

(Amount in Millions)

Particular	Current Year (FY 25-26)	Previous Year (FY 24-25)
Cash Loss	-	Rs.0.42/-

XVIII. Resignation of statutory auditors

There has been no resignation of the statutory auditors during the year. Accordingly, reporting under Clause 3(xviii) of the Companies (Auditor's Report) Order, 2020 is not applicable.

XIX. Ability to pay liabilities

On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, Our knowledge of the Board of Directors and management plans, letter of comfort for financial assistance from the Parent company and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

XX. Corporate Social Responsibility

The company is not required to incur any expenditure on Corporate Social Responsibility (CSR) in line with the requirements of Section 135 of Companies Act, 2013. Accordingly, reporting under paragraph 3 clause (xx) (a) & (b) does not arise.

A. CASH FLOW FROM OPERATING ACTIVITIES		
Net profit / (loss) before tax	0.28	(0.42)
Adjustments for non-operating matters:		
(i) Realised gain on sale of mutual fund	(0.09)	-
(ii) Unrealised gain on mutual fund	(0.52)	-
Operating profit / (loss) before working capital changes	(0.33)	(0.42)
Adjustments for :		
-Decrease in other current assets	(1.20)	(0.08)
-(Increase) / Decrease in trade receivables	0.03	0.01
-Decrease in other financial assets	14.03	(19.82)
-Decrease in trade payables	(0.19)	(1.43)
-(Decrease) / increase in other current liabilities	-	(2.13)
-(Decrease) / increase in provisions	-	1.37
Cash generated from operations	12.34	(22.50)
-Income taxes paid, net of refund	-	16.71
Net cash generated from operating activities (A)	12.34	(5.80)
B. CASH FLOW FROM INVESTING ACTIVITIES		
Investment in mutual funds	(13.72)	-
Proceeds from sale of fixed deposits	-	(150.00)
Net cash generated from used in investing activities (B)	(13.72)	(150.00)
C. CASH FLOW FROM FINANCING ACTIVITIES		
Net cash from financing activities (C)	-	-
Net Increase Decrease in Cash and Cash Equivalents (A + B + C)	(1.38)	(155.80)
Cash and cash equivalents at the beginning of the year	1.40	179.41
Transfer pursuant to demerger	-	(22.21)
Cash and cash equivalents at end of the year	0.02	1.40

Reconciliation of cash and cash equivalents as per the cash flow statement

Cash and cash equivalents as per above comprise of the following

Balances with Banks		
In Current accounts	0.02	1.40
Balances per statement of cash flows	0.02	1.40

1. Reporting entity

Neobillion Fintech Private Limited ("the Company") is a private limited company incorporated on 12th February 2020. The Company provides an online technological facilitation /Business Correspondence or Partner service to Banks /NBFC's/Financial institutions on the "Groww" platform. The registered office address of the company is situated at Vaishnavi Tech Park, South Tower, 3rd Floor, Sarjapur Main Road, Bengaluru, Karnataka -560103. The Company has demerged its 'Online Credit Distribution Business division' to its holding company, Billionbrains Garage Ventures Limited (formerly known as Billionbrains Garage Ventures Private Limited) on a 'going concern basis.

The Company is a wholly-owned subsidiary of Billionbrains Garage Ventures Limited (formerly known as Billionbrains Garage Ventures Private Limited) ("the Holding Company"). The Holding Company was converted into public company on 11 April 2025 and listed on BSE Limited (Bombay Stock Exchange) and National Stock Exchange of India Limited (NSE) with effect from 12 November 2025.

Pursuant to Section 2(71) of the Companies Act, 2013, upon conversion of its Holding Company into the public company, the Company became a deemed public company with effect from 11 April 2025.

2. Material Accounting Policies

A. Statement of compliance and basis of preparation

The financial statements of the Company comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act.

These financial statements have been prepared in accordance with Ind AS 1- Presentation of Financial Statements as notified under the Companies (Indian Accounting Standards) Rules, 2015 read with Section 133 of the Companies Act, 2013.

The Balance Sheet, the Statement of Changes in Equity, the Statement of Profit and Loss and disclosures are presented in the format prescribed under Division III of Schedule III of the Companies Act, as amended from time to time that are required to comply with Ind AS. The Statement of Cash Flows has been presented as per the requirements of Ind AS 7 Statement of Cash Flows.

The financial statements are approved for issue by the Company's Board of Directors on April 13, 2026

The principal accounting policies applied in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

B. Basis of Preparation:

The financial statements have been prepared under the historical cost convention and on accrual basis, except for certain financial assets and liabilities.

C. Functional and Presentation Currency:

Accounting policies have been consistently applied except where newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Company's financial statements are presented in Indian Rupees (INR)/(Rs.), which is also its functional currency and all values are rounded to the nearest millions, except when otherwise indicated.

a. Property, plant and equipment

i. Recognition and measurement

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount.

Items of property, plant and equipment are initially recorded at cost. Cost comprises acquisition cost, borrowing cost if capitalization criteria are met, and directly attributable cost of bringing the asset to its working condition for the intended use. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefit associated with these will flow with the Company and the cost of the item can be measured reliably.

Capital work-in-progress are property, plant and equipment which are not yet ready for their intended use. Advances given towards acquisition of fixed assets outstanding at each reporting date are shown as other non-financial assets. Depreciation is not recorded on capital work-in progress until construction and installation is completed and assets are ready for its intended

Items of Property, plant and equipment that have been retired from active use and are held for disposal are stated at the lower of their net book value or net realisable value and are shown separately in the financial statements, if any.

ii. Depreciation

Depreciation provided on property, plant and equipment is calculated on a straight line basis using the rates arrived at based on the useful lives specified in Schedule II of the Act.

The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as follows:

Asset	Useful life
Computers, Laptops and Peripherals	3 years
Furnitures & Fixtures	10 years
Office Equipments	5 years

Depreciation is provided on a straight line basis from the date the asset is ready for its intended use. In respect of assets sold, depreciation is provided up to the date of disposal. The residual values, estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at the end of each financial year and changes if any, are accounted for on a prospective basis.

Improvements to leasehold premises are amortised over the lease term or useful lives of the assets, whichever is lower.

iii. De-recognition

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from de-recognition, disposal or retirement of an item of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised net, within "Other Income" or "Other Expenses", as the case maybe, in the Statement of Profit and Loss in the year of derecognition, disposal or retirement.

2. Material Accounting Policies(Continued)

b.Revenue from Contracts with customers

Revenue is measured at transaction price (net of variable consideration, if any). Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation.

The Company recognises revenue from the following sources:

(a) Service Fees is recognised upon completion of services, in accordance with the terms of contract which is satisfied at a point in time.

(b) Interest income on a financial asset carried at amortised cost is recognised on a time proportion basis taking into account the amount outstanding and the effective interest rate ('EIR'). The EIR is the rate that exactly discounts estimated future cash flows of the financial assets through the expected life of the financial asset or, where appropriate, a shorter period, to the net carrying amount of the financial instrument. The internal rate of return on financial assets after netting off the fees received and cost incurred approximates the effective interest rate method of return for the financial asset. The future cash flows are estimated taking into account all the contractual terms of the instrument.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets (i.e. at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets the interest income is calculated by applying the EIR to the amortised cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for ECLs).

c.Financial instruments

i.Date of Recognition

Financial assets and financial liabilities are recognised in the Company's balance sheet when the Company becomes a party to the contractual provisions of the instrument.

ii.Initial Measurement

Financial assets and liabilities are initially recognised on the trade date, i.e. the date on which the Company becomes a party to the contractual provisions of the instrument. Recognised financial instruments are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

iii.Classification and Subsequent Measurement

A.Financial assets

Based on the business model, the contractual characteristics of the financial assets and specific elections where appropriate, the Company classifies and measures financial assets in the following categories :

a) **Amortised cost:** A financial assets is measured at amortised cost if it meets both of the following conditions and is not designated as at Fair value through profit or loss (FVTPL):

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows ('Asset held to collect contractual cash flows'); and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest ('SPPI') on the principal amount outstanding.

After initial measurement and based on the assessment of the business model as asset held to collect contractual cash flows and SPPI, such financial assets are subsequently measured at amortised cost using effective interest rate ('EIR') method. Interest income and impairment expenses are recognised in profit or loss. Interest income from these financial assets is included in finance income using the EIR method. Any gain and loss on derecognition is also recognised in profit or loss.

The EIR method is a method of calculating the amortised cost of a financial instrument and of allocating interest over the relevant period. The EIR is the rate that exactly discounts estimated future cash flows (including all fees paid or received that form an integral part of the EIR, transaction costs and other premiums or discounts) through the expected life of the instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

b) **Fair value through other comprehensive income (FVOCI):** Financial assets that are held within a business model whose objective is both to collect the contractual cash flows and to sell the assets, ('Contractual cash flows of assets collected through hold and sell model') and contractual cash flows that are SPPI, are subsequently measured at FVOCI. Movements in the carrying amount of such financial assets are recognised in Other Comprehensive Income ('OCI'), except interest / dividend income which is recognised in profit and loss. Amounts recorded in OCI are subsequently transferred to the statement of profit and loss in case of debt instruments however, in case of equity instruments it will be directly transferred to reserves. Equity instruments at FVOCI are not subject to an impairment assessment.

c) **Fair value through profit or loss (FVTPL):** Financial assets, which do not meet the criteria for categorisation as at amortised cost or as FVOCI or either designated, are measured at FVTPL. Subsequent changes in fair value are recognised in profit or loss. The Company records investments in equity instruments and mutual funds at FVTPL.

2. Material Accounting Policies(Continued)

B. Financial liabilities

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

(a) Equity Instrument - An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company is recognised at the proceeds received, net of directly attributable transaction costs.

(b) Financial Liabilities Financial liabilities are measured at amortised cost. The carrying amounts are initially recognised at fair value and subsequently determined based on the EIR method. Interest expense is recognised in profit or loss. Any gain or loss on de-recognition of financial liabilities is also recognised in profit or loss. The Company does not have any financial liability which are measured at FVTPL.

Financial liabilities are carried at amortised cost using the effective interest rate method. For trade and other payables, the carrying amount approximates the fair value due to short maturity of these instruments.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 : Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 : Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life.

Level 3 : Those that include one or more unobservable input that is significant to the measurement as whole.

iv. Reclassification:

Financial assets and financial liabilities are not reclassified subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line or in the period the Company changes its business model for managing financial assets.

v. Derecognition:

(A) A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when:

- The contractual rights to receive cash flows from the financial asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset and the Company has transferred substantially all the risks and rewards of the asset, or the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

If the Company neither transfers nor retains substantially all of the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI is recognised in profit or loss (except for equity instruments measured at FVOCI).

(B) A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying value of the original financial liability and the new financial liability with modified terms is recognised in profit or loss.

vi. Offsetting:

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

vii. Impairment of financial assets:

A. Trade receivables

The Company applies the Ind AS 109 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance (ECL) for all trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The expected loss rates are based on average of historical loss rate adjusted to reflect current and available forward looking information affecting the ability of the customers to settle the receivables.

B. Other Financial Assets

A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write - off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss

d. Employee Benefits

i. Short-term employee benefits

Short-term employee benefits include salaries and short-term cash bonus. A liability is under short-term cash bonus or target-based incentives if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably. These costs are recognised as an expense in the Statement of Profit and Loss at the undiscounted amount expected to be paid over the period of services rendered by the employees to the Company.

2. Material Accounting Policies(Continued)

ii.Gratiuity

The Company provides for gratuity for employees in India as per the Code on Social Security 2020. Employees who are in continuous service for a period of 5 years and fixed term employees who has rendered service under the contract for the period of 1 year are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn wage per month computed proportionately for 15 days salary multiplied for the number of years of service.

The Company's gratuity scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior period. Such benefit is discounted to determine its present value, and the fair value of any plan assets, if any, is deducted.

The present value of the obligation under such benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method which recognises each period of services as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at present values of estimated future cash flows. The discounted rates used for determining the present value are based on the market yields on Government Securities as at the balance sheet date.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

iii.Provident fund

The contribution to provident fund is considered as defined contribution plan. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

iv. Share based payment arrangements

Stock based compensation cost is measured at fair value at the date when the grant is made to qualifying employees by holding company using black scholes model.

Expense arising from equity-settled share-based payment transactions are recognised over the vesting period as employee benefits expense with a corresponding credit to employee share compensation reserve. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest.

The stock-based compensation cost is recharged to the Company upon exercise, which is adjusted against employee share compensation reserve.

e.Borrowing costs

Expenses related to borrowing cost are accounted using effective interest rate. Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred. The difference between the discounted amount mobilised and redemption value of commercial papers is recognised in the statement of profit and loss over the life of the instrument using the EIR.

f.Foreign Exchange Transactions

Transactions in foreign currencies are recorded at the rate of exchange prevailing on the date of the transaction. Exchange differences arising on settlement of revenue transactions are recognised in the statement of profit and loss. Monetary assets and liabilities contracted in foreign currencies are restated at the rate of exchange ruling at the Balance Sheet date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

g.Lease

The determination of whether an arrangement is a lease, or contains a lease, is based on the substance of the arrangement and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset or assets or whether the arrangement conveys a right to use the asset. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified assets, the Company assess whether (i) the contract involves the use of an identified assets; (ii) the Company has substantially all the economic benefits from use of the assets through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use assets (ROU) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 month or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any lease payments made at or before the inception date of the lease, less any lease incentives received. Subsequently, the right-of-use assets is measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets is depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

For lease liabilities at inception, the Company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate is readily determined. If that rate is not readily determined the lease payments are discounted using the incremental borrowing rate.

Lease liabilities and ROU asset has been separately presented in the Balance Sheet and lease payments have been classified as financing activities in statement of cash flows

2. Material Accounting Policies(Continued)

h.Investment in subsidiaries and associates

Investments in subsidiaries and associate are measured at cost less accumulated impairment, if any.

i.Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation as a result of a past event and it is probable that an outflow of embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Provisions are reviewed at each balance sheet date and adjusted to effect current management estimates.

Contingent liabilities are not recognised but are disclosed in the notes forming part of restated consolidated financial statements. A Contingent liability is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events but is not recognised because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability. Contingent assets are neither recognised nor disclosed in the restated consolidated financial statements.

j.Income Tax

Income tax expense comprises current and deferred tax. It is recognised in statement of profit and loss except to the extent that it relates to items recognised directly in equity or in OCI.

(i) Current Tax

Current tax is measured at the amount expected to be paid in respect of taxable income using tax rates enacted or substantively enacted at the reporting date. Current tax comprises the expected tax payable on the taxable income or loss for the year and any adjustment to the tax payable in respect of previous years.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset only if the Company has a legally enforceable right to set off the recognised amounts, and it intends to realise the asset and settle the liability on a net basis or simultaneously.

(ii) Deferred Tax

Deferred tax is recognised in respect on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax assets arising mainly on account of carry forward losses and unabsorbed depreciation under tax laws are recognised only if there is reasonable certainty of its realisation, supported by convincing evidence.

Deferred tax assets on account of other temporary differences are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted at the Balance Sheet date. Changes in deferred tax assets / liabilities on account of changes in enacted tax rates are given effect to in the standalone statement of profit and loss in the period of the change. The carrying amount of deferred tax assets are reviewed at each Balance Sheet date.

Deferred tax assets and deferred tax liabilities are off set when there is a legally enforceable right to set-off assets against liabilities representing current tax and where the deferred tax assets and deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

k.Cash and cash equivalents

Cash and cash equivalents includes cash on hand and balance with bank in current accounts, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents cash and short-term deposits are considered integral part of the Company's cash management.

l. Impairment of non-financial assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. An asset is impaired when the carrying amount of the asset exceeds its recoverable amount. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. An impairment loss is reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

2. Material Accounting Policies(Continued)

m. Segment reporting

The company is in the business of providing support services and allied support services to its Group Companies..

The Company does not have any Geographical segments. As such, there are no separate reportable segments as per Indian Accounting Standard (Ind AS) 108 on "Segment Reporting".

n. Earnings per share

The Company reports basic and diluted earnings per equity share. Basic earnings per equity share have been computed by dividing net profit attributable to the equity share holders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share have been computed by dividing the net profit attributable to the equity share holders after giving impact of dilutive potential equity shares for the year by the weighted average number of equity shares and dilutive potential equity shares outstanding during the year, except where the results are anti-dilutive.

o. Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

p. Events after the reporting period

Adjusting events are events that provide further evidence of conditions that existed at the end of the reporting period. The financial statements are adjusted for such events before authorisation for issue. Non-adjusting events are events that are indicative of conditions that arose after the end of the reporting period. Non-adjusting events after the reporting date are not accounted, but disclosed.

C. Use of estimates and judgements

The preparation of financial statements in conformity with Ind AS requires that the management make estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognized prospectively in current and future years. In particular, information about areas of significant estimation uncertainty and critical judgements in applying accounting policies that have a significant effect on the amounts recognized in the financial statements are included below:

(i) Depreciation and amortization

Depreciation and amortisation is based on management estimates of the future useful lives of the property, plant and equipment and intangible assets. Estimates may change due to technological developments, competition, changes in market conditions and other factors and may result in changes in the estimated useful life and in the depreciation and amortisation charges.

(ii) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations. Due to complexities involved in the valuation and its long term nature, defined benefit obligation is sensitive to changes in these assumptions.

(iii) Fair value of financial instruments

Financial instruments are required to be fair valued as at the balance sheet date as provided in Ind AS 109 and Ind AS 113. Being a critical estimate, judgement is exercised to determine the carrying values. The fair value of financial instruments that are unlisted and not traded in an active market is determined at fair values assessed based on recent transactions entered into with third parties, based on valuation done by external appraisers etc., as applicable.

(iv) Expected credit losses on financial assets

The Company recognizes loss allowances for expected credit losses on its financial assets measured at amortized cost. At each reporting date, the Company assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

(v) Deferred Tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

(vi) Provision and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore, vary from the amount included in other provisions.

(vii) Fair valuation of employee share options

The fair valuation of the employee share options is based on the Black-Scholes model used for valuation of options.

2. Material Accounting Policies(Continued)

(viii) Leases

In determining whether an arrangement is, or contains a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease date if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset, even if that right is not explicitly specified in the arrangement.

(ix) Operating cycle

Based on the time involved between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has identified twelve months as its operating cycle for determining current and non-current classification of assets and liabilities in the balance sheet, accordingly assets and liabilities which are expected to realise within a period of twelve months are treated as current and beyond twelve months are treated as non current.

D. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards and amendments under Companies (Indian Accounting Standards) Rules from time to time. For the year ended 31 March 2026, the Company has reviewed the applicability of the notified amendments, including Ind AS 117- Insurance Contracts; amendment to Ind AS 116- Leases (sale and leaseback); Ind AS 1- Presentation of Financial Statements; Ind AS 8- Accounting Policies, Changes in Accounting Estimates and Errors; and Ind AS 7 and Ind AS 107 relating to disclosures, which are applicable for accounting periods beginning on or after 01 April 2025. Based on its assessment, the Company has concluded that these amendments do not have any material impact on its financial statements

15 Financial instruments - Fair values and risk management

A Accounting classifications and fair values

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy

As at 31 March 2026

	Carrying value			Fair value			
	FVTPL	Amortised costs	Total carrying amount	Level 1	Level 2	Level 3	Total
Financial assets							
Investments	14.33	-	14.33	14.33	-	-	14.33
Trade receivables	-	-	-	-	-	-	-
Cash and cash equivalents	-	0.02	0.02	-	-	-	-
Other financial assets	-	-	-	-	-	-	-
	14.33	0.02	14.35	14.33	-	-	14.33
Financial liabilities							
Trade payables	-	0.09	0.09	-	-	-	-
Other financial liabilities	-	-	-	-	-	-	-
	-	0.09	0.09	-	-	-	-

As at 31 March 2025

	Carrying value			Fair value			
	FVTPL	Amortised costs	Total carrying amount	Level 1	Level 2	Level 3	Total
Financial assets							
Trade receivables	-	0.03	0.03	-	-	-	-
Cash and cash equivalents	-	1.40	1.40	-	-	-	-
Other financial assets	-	14.03	14.03	-	-	-	-
	-	15.46	15.46	-	-	-	-
Financial liabilities							
Trade payables	-	0.28	0.28	-	-	-	-
Other financial liabilities	-	-	-	-	-	-	-
	-	0.28	0.28	-	-	-	-

B Valuation technique used to determine fair values

Specific valuation technique to value financial instruments like:

i. Use of quoted market prices for financial instruments traded in active markets.

ii. Comparable company multiple/discounted cash flow analysis for other financial instruments.

iii. The fair values for financial assets and liabilities other than investments are disclosed at their carrying value as their carrying amounts are a reasonable approximation of the fair values.

C Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk (C)(ii);
- Liquidity risk (C)(iii); and
- Market risk (C)(iv)

(This Space Has been left blank intentionally)

15 Financial instruments – Fair values and risk management (continued)

i. Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

Risk	Exposure arising from	Measurement	Management of risk
Credit risk	Cash and cash equivalents, trade	Aging analysis	Diversification of funds to bank
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of surplus cash, committed credit lines and borrowing facilities
Market risk –foreign exchange	Recognized financial assets and liabilities not denominated in Indian rupee (Rs)	Cash flow forecasting Sensitivity analysis	Regular monitoring to keep the net exposure at an acceptable level, with option of taking Forward Foreign exchange contracts if deemed necessary.
Price Risk	Investments in mutual funds & Equity Instrument	Credit ratings	Portfolio diversification and regular monitoring

ii. Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The company is exposed to the credit risk from its trade receivables, unbilled revenue, investments, cash and cash equivalents, bank deposits and other financial assets. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets.

Trade and other receivables

The Company applies the Ind AS 109 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance (ECL) for all trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The company has in accordance with Ind-AS 109 classified the loans as Stage I, Stage II and Stage III. Based on the Expected Credit loss (ECL) the company has created provision on total outstanding of the loans for which the company has given performance guarantee.

Reconciliation of loss allowance provision

Particulars	INR Millions
Loss allowance as on March 31, 2024	23.31
Changes in loss allowance	(23.31)
Loss allowance as on March 31, 2025	-
Changes in loss allowance	-
Loss allowance as on March 31, 2026	-

Cash and cash equivalents

Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with banks and financial institutions with high credit ratings assigned by domestic credit rating agencies.

(This Space Has been left blank intentionally)

15 Financial instruments – Fair values and risk management (continued)

iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company's principal sources of liquidity are cash and cash equivalents, and the cash flow that is generated from operations. The Company has managed its liquidity and working capital requirements through cash generated from operations and through intermittent short term borrowings. The Company has sufficient short term fund based lines, which provides healthy liquidity and these carry highest credit quality rating from reputed credit rating agency, hence no liquidity risk is perceived.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

31 March 2026	Contractual cash flows				
	Carrying amount	6 months or less	6-12 months	1-2 years	More than 2 years
Non-derivative financial liabilities					
Trade payables	0.09	0.09	-	-	-
Total	0.09	0.09	-	-	-

31 March 2025	Contractual cash flows				
	Carrying amount	6 months or less	6-12 months	1-2 years	More than 2 years
Non-derivative financial liabilities					
Trade payables	0.28	0.28	-	-	-
Total	0.28	0.28	-	-	-

iv. Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of three types of risks: interest rate risk, price risk and currency risk. Financial instruments affected by market risk includes trade receivable/payable, other financial assets and liabilities. The Company is not exposed to any significant market risks.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The interest rate risk can also impact the provision for retiral benefits. The Company generally utilises fixed rate borrowings and therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of change in the market interest rates. The Company is not exposed to significant interest rate risk as at the respective reporting dates.

Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. Exposures can arise on account of the various assets and liabilities which are denominated in currencies other than Indian Rupee.

The company doesn't have any foreign currency exposures on financial instruments at the end of the reporting period.

v. Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Company monitors the return on capital and its objective when managing capital is to maintain an optimal structure so as to maximize shareholder value.

(This Space Has been left blank intentionally)

16 Contingent liabilities and commitments (to the extent not provided for)

	As at 31 March 2026	As at 31 March 2025
a) Commitments	-	-
b) Claims against the Company not acknowledged as debts in respect of:		
-Bank Guarantees given	-	-
c) Contingent Liabilities:	-	-

The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.

17 Earnings per share (EPS)

The following table sets forth the computation of basic and diluted earnings per share:

	For the year ended 31 March 2026	For the year ended 31 March 2025
Earnings		
Profit/(loss) for the year attributable to equity shareholders (In INR Millions)	0.28	(0.42)
Shares		
Weighted average number of equity shares outstanding during the year for calculation of basic EPS	99,86,057	99,86,057

19 Dues to Micro and Small Enterprises

The Ministry of Micro, Small and Medium Enterprises has issued on Office Memorandum dated 26 August 2008 which recommends that the Micro and Small Enterprises should mention in their correspondence with its customers the Entrepreneurs Memorandum Number as allocated after filing of the Memorandum. Accordingly, the disclosure in respect of the amounts payable to such enterprises has been made in the financial statements based on information received and available with the company. Further, in management's view, the impact of interest, if any, that may be payable in accordance with the provisions of the Micro, Small and Medium Enterprises Development Act, 2006 ('the Act') is not expected to be material.

	As at	
	31 March 2026	31 March 2025
The principal amount and interest due thereon remaining unpaid to any supplier as at the end of the accounting year.		
- Principal amount	-	-
- Interest due thereon	-	-
The amount of interest paid by the company along with the payment made to the supplier beyond the appointed day during the period / year	-	-
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest under this Act	-	-
Amount of interest accrued and remaining unpaid at the end of the accounting period / year.	-	-
The amount of further interest remaining due and payable even in the succeeding years, till actually paid to the small enterprise, for the purpose of disallowance as a deductible expenditure.	-	-
Total outstanding principal dues of micro enterprises and small enterprises included in Trade Payables	-	-

20 Key Ratios

Particulars	Numerator	Denominator	March-26	March 31, 2025	Variance
a) Current Ratio	Total current assets	Total current liabilities	202.17	63.13	220.25%
b) Return on Equity Ratio	Profit for the year less Preference dividend (if any)	Average total equity	1.62%	(0.24%)	763.24%
c) Return on Capital employed	Profit before tax and finance costs	Capital employed = Net worth + Lease liabilities + Deferred tax liabilities	1.60%	(2.40%)	166.92%

Details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios, along with detailed explanations thereof:

Ratio	Reason for Variance
a) Current Ratio	Increased due to decrease in Current Liabilities
b) Return on Equity Ratio	Increase due to increase in Profit and decrease in Average Total Equity
c) Return on Capital employed	Increase due to increase in Profit

(This Space Has been left blank intentionally)

- 21 No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries") with the understanding, whether recorded in writing or otherwise, that the Intermediary shall lend or invest in party identified by or on behalf of the Company (Ultimate Beneficiaries). The Company has not received any fund from any parties (funding party) with the understanding that the Company shall whether, directly or indirectly lend or invest in other persons or entities identified by or behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- 22 The Company does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period
- 23 No proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
